

Letters kleien

uitleg

Gebruik deze kaarten als aanvulling voor de taalhoek binnen het thema 'Winter'. Laat de kinderen de letters kleien of vullen met witte pompoms.

Er zijn in totaal 2 sets van 26 kaarten.

Ook leuk om de kaarten onder een kleine sneeuwlaag te legen en één van de poppetjes op een penseel te plakken, zo kunnen ze over de letters "schaatsen".

De kaarten zijn 18 bij 13 cm, mocht je dit te groot vinden, dan moet je de percentage van de afdruk aanpassen in de instellingen van de printer.

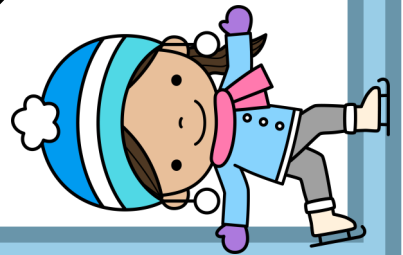

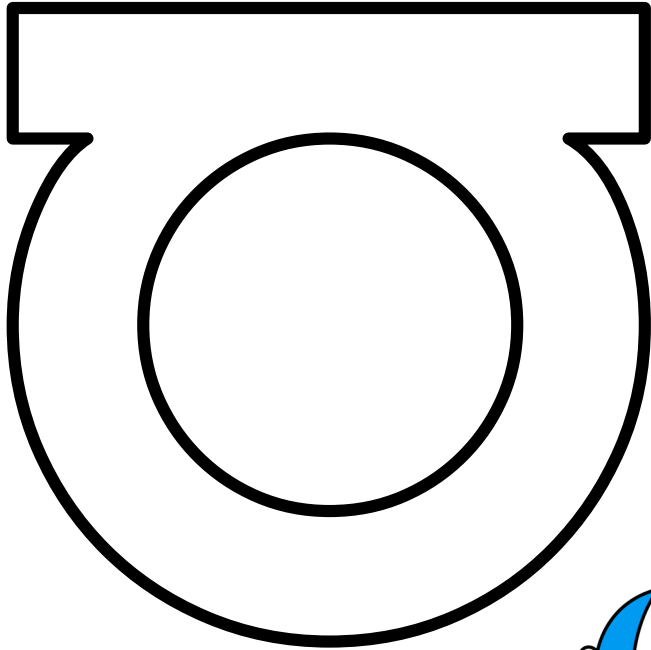

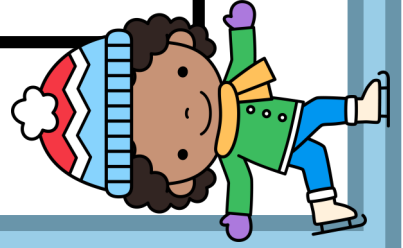

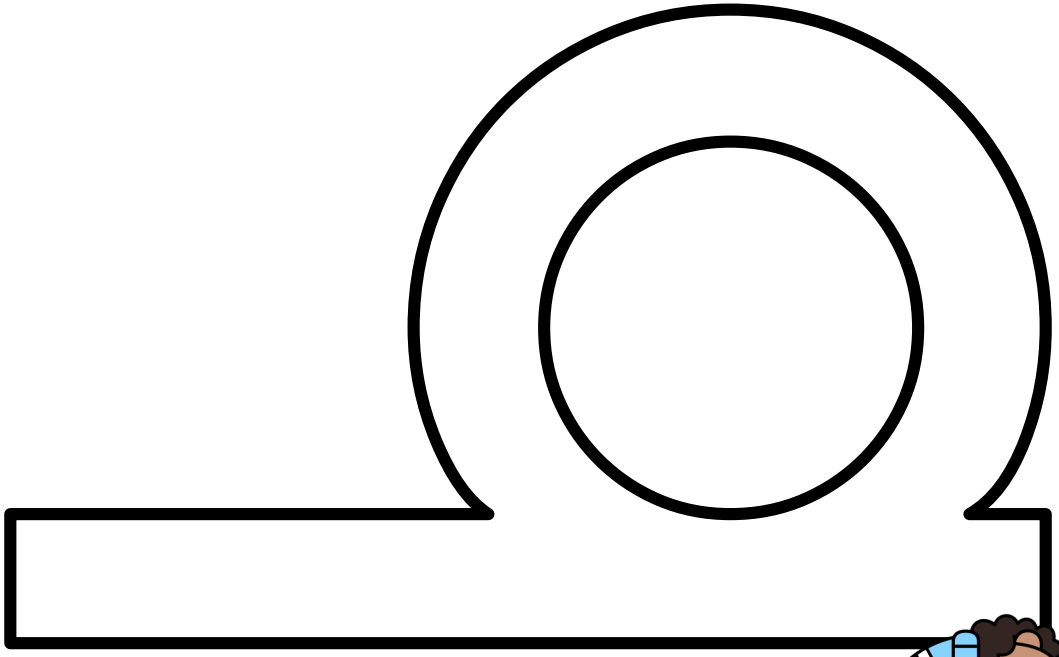

De andere kaarten vullen aan volledig A4 papier.
